

## **Assignment 01**

### **Understanding AI and Its Applications**

**Total Marks: 10**

#### **Question 1: Short Answer Question (5 Marks)**

- Explain the difference between learning and understanding AI.
- Provide an example of how understanding AI can help you innovate in the future.

##### **Grading Criteria:**

- Clear explanation of the difference between learning and understanding (2 marks).
- Relevant example of how understanding AI can lead to innovation (2 marks).
- Clarity and coherence of the response (1 mark).

#### **Question 2: Story-based Assignment (5 Marks)**

- Write a short story (150–200 words) about a day in your life where AI helps you complete a task or solve a problem.
- Include at least one example of AI from your daily life (e.g., smart assistants, automated systems, or recommendations).

##### **Grading Criteria:**

- Creativity and relevance of the story (2 marks).
- Inclusion of at least one AI example (2 marks).
- Grammar and structure of the story (1 mark).

#### **Instructions for Submission:**

1. Write your answers in a document.
2. Ensure your responses are clear, concise, and well-organized.
3. Submit your assignment before the deadline.
